# CPC30220 - Certificate III in Carpentry

CRICOS Course Code: 113134B

## Course Delivery Location:

**Practical:** 46-48 Islington St, COLLINGWOOD, VIC, 3066

**Theory:** Unit 1 108 Johnston St, COLLINGWOOD, VIC, 3066

## Qualification Description

This is a trade qualification for carpenters in residential and commercial workplaces. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials.

## Occupational titles may include:

- Carpenter - Commercial
- Carpenter - Formwork
- Carpenter - Residential

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCCWHS1001 Prepare to work safely in the construction industry meets this requirement.

## Entry Requirements

Qualification Package Entry Requirements

There are no specific entry requirements for this course.

## NEWGEN EDUCATION Admission requirements:

- Applicant must be 18 years or over at the time of enrolment.
- Entry into this course requires the successful completion of an Australian Year 12 qualification or its equivalent. Overseas students must meet the requirements for a Student Visa and provide evidence of English language proficiency, with a minimum score of IELTS 6.0 or IELTS 6.0 or equivalent qualification. Alternatively, they can study a minimum of 6 weeks of upper intermediate level ELICOS at an approved English Language Teaching (ELT) centre.
- Prospective students seeking enrollment at Newgen Education will need to successfully complete a placement test at the required Australian Core Skills Framework (ACSF) level of qualification. This test will provide Newgen Education with insight into the student's capabilities and help determine if they possess sufficient Language, Literacy, and Numeracy (LLN) skills to pursue the desired qualification.

## Computer literacy requirements:

- All students enrolling in the program must have basic computer skills. The course may require students to create reports and complete projects using an online assessment portal.
- Students who do not possess basic computer skills will be referred to take a basic computer skills course

## Materials and Equipment Required

- Students are required to have access to a laptop or computer with the Windows 7 operating system or a higher version, at their own cost, in order to work on assignments and self-study tasks. Additionally, students must have an active email address for communication purposes and be reachable by phone (mobile or landline) and mail (postal address).
- All learners are expected to have access to MS Office applications such as Microsoft Word, Adobe Acrobat Reader, Adobe Flash Player, and an email platform, at their own cost.

## Duration and mode of delivery

The duration of the program is 62 weeks, including 10 weeks of holidays).

Students engage in face-to-face study for 20 hours per week. The delivery and assessment of the program will take place in fully equipped classrooms as well as a simulated carpentry workshop.

## Recognition of Prior Learning and Credit Transfer

Learners with experience in the relevant industry or education have the option to apply for Recognition of Prior Learning (RPL) and Credit Transfer. Please refer to the 'RPL / Credit Transfer' section for more information. If RPL or Credit Transfer is successfully granted, the duration and amount of training will be shortened accordingly.

Learners are encouraged to apply for Recognition of Prior Learning (RPL) prior to or immediately after formal enrolment but before the facilitated delivery of units. This ensures that they do not miss any training opportunities offered in case they are unsuccessful in the RPL process. Learners who have completed corresponding units of competency and/or units included in the packaging rules can also apply for Credit Transfer.

## Course Structure

Students need to gain competency in 34 units of competency (27 core units and 7 electives) to successfully complete this qualification.

### Core Units

|             |   |
|-------------|---|
| CPCCCA2002* | Use carpentry tools and equipment                         |
| CPCCCA2011* | Handle carpentry materials                                |
| CPCCCA3001* | Carry out general demolition of minor building structures |
| CPCCCA3002* | Carry out setting out                                     |
| CPCCCA3003* | Install flooring systems                                  |
| CPCCCA3004* | Construct and erect wall frames                           |
| CPCCCA3005* | Construct ceiling frames                                  |
| CPCCCA3006* | Erect roof trusses  |
| CPCCCA3007* | Construct pitched roofs                                   |
| CPCCCA3008* | Construct eaves   |

|             |  |
|-------------|--|
| CPCCCA3010* | Install windows and doors  |
| CPCCCA3016* | Construct, assemble and install timber external stairs                         |
| CPCCCA3017* | Install exterior cladding  |
| CPCCCA3024* | Install lining, panelling and moulding   |
| CPCCCA3025* | Read and interpret plans, specifications and drawings for carpentry work       |
| CPCCCA3028* | Erect and dismantle formwork for footings and slabs on ground                  |
| CPCCCM2006  | Apply basic levelling procedures   |
| CPCCCM2008* | Erect and dismantle restricted height scaffolding                              |
| CPCCCM2012* | Work safely at heights   |
| CPCCCO2013* | Carry out concreting to simple forms   |
| CPCCOM1012  | Work effectively and sustainably in the construction industry                  |
| CPCCOM1014  | Conduct workplace communication  |
| CPCCOM1015  | Carry out measurements and calculations  |
| CPCCOM3001  | Perform construction calculations to determine carpentry material requirements |
| CPCCOM3006  | Carry out levelling operations   |
| CPCCWHS2001 | Apply WHS requirements, policies and procedures in the construction industry   |
| CPCWHS3001  | Identify construction work hazards and select risk control strategies          |

## Electives Units

|             |  |
|-------------|--|
| CPCCOM1013  | Plan and organise work                               |
| CPCCCA3026  | Assemble partitions                                  |
| CPCCCA3012* | Frame and fit wet area fixtures                      |
| CPCCCM2002* | Carry out hand excavation                            |
| CPCCSF2004* | Place and fix reinforcement materials                |
| CPCCJN3003* | Manufacture components for doors, windows and frames |
| CPCCJN3004  | Manufacture and assemble joinery component           |

## Course Fees

Tuition Fees: **AUD 20000.00**

Material Fees: **AUD 2000.00**

Application/Enrolment Fees: **AUD 300.00**

**Note:** Newgen Education does not require students to pay more than AUD 1500 in advance towards their fees. Students will be provided with the option of two Easy Instalments. It is advised that students contact the Institute for the most up-to-date information on course fees, as they are subject to change. For the latest fee details, please call Newgen Education.

## Training And Assessment methodology

Face-to-face, classroom-based training sessions will be conducted to develop the necessary knowledge and theoretical understanding. Practical training will be provided in a simulated environment. Newgen Education will ensure that the environment is suitable and compliant with Workplace Health and Safety (WHS) regulations for training and assessment. Learners will engage in training activities throughout the duration of their qualification, and the Institute will monitor their skill development

## Assessment Methods

The assessment for the qualification CPC30220 Certificate III in Carpentry will require candidates to complete a number of assessment tasks, including:

- Written knowledge questions
- Written test (Scenario-based application questions)
- Practical tasks to demonstrate the ability to apply knowledge and skills to simulated workplace construction tasks.

The assessment tasks will involve a sequential assessment of knowledge and skills. This will be done through the satisfactory completion of underlying knowledge and skills, as well as their application to construction work.

Units have been clustered into stages of construction for logical delivery.

If students are unable to achieve competency, additional support is provided through mentoring and access to re-assessment as outlined in our policies and procedures.

## Completion

Upon successful completion of this course, student will receive a nationally recognised qualification CPC30220 - Certificate III in Carpentry. Students who do not complete all units may be eligible for a Statement of Attainment for partial completion of units forming part of CPC30220 - Certificate III in Carpentry. Student needs to speak to the student support officer if he/she wants to exit the course in between.

Please note that Newgen education does not provide any guarantee of:

- A migration Outcome.
- A learner will successfully complete a training product on its scope of registration; or
- A training product can be completed in a manner which does not meet the requirements of the relevant training package or VET accredited course; or
- A learner will obtain a particular employment outcome.
- Licensing outcome

Please contact Newgen education for further details if required.

## Course Commencement

Please speak to one of our friendly team members for the recent intake.

## Further Information

Before enrolling, each learner should ensure they meet the following requirements:

- Fill in the Enrolment Application Form accurately and submit it to Newgen Education.
- Read and understand all the comprehensive information available on Newgen Education's website. Alternatively, you can email your request to [admissions@newgen.edu.au](mailto:admissions@newgen.edu.au).
- Familiarize yourself with all the policies and procedures outlined on Newgen Education's website. In case you have any queries, you can email your request to [info@newgen.edu.au](mailto:info@newgen.edu.au).
- Provide Newgen Education with your Unique Student Identifier (USI) number. For more information on creating your USI, please visit <https://www.usi.gov.au/students/create-your-usi>.
- For further details or any queries, you can contact Newgen Education via email or phone.
- Newgen Education has implemented systems to ensure learners receive quality training throughout the course. Newgen Education is responsible for compliance, training, and assessment of this course, and there are no third-party training providers involved.
